DISTINGUISHING CHARACTERISTICS

This is the full journey level class within the Street Maintenance Equipment Operator series. Employees within this class are distinguished from the Street Maintenance Equipment Operator I+ by the performance of the full range of duties as assigned including the operation of the more difficult and complex heavy equipment. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies of the work unit. Positions in this class are flexibly staffed and are normally filled by advancement from the I level or when filled from the outside, require previous work experience. Appointment to the higher class requires that the employee be performing the full range of duties assigned to the class.

REPORTING RELATIONSHIPS

Receives general supervision from higher supervisor or management staff.

May exercise functional and technical supervision over maintenance staff.
